

COVID POLICY

As of June 11, 2022, the Province of Ontario has removed all Covid-related directives. As previous Covid-related protocols are suspended, at this time, there is no requirement from Skate Ontario to collect Covid waivers or immunization status as part of the registration process.

MFSC will continue to comply with Mississauga public health and Ontario government policies and guidelines and should protocols change in the future, we will keep our members updated to the best of our abilities.
