## Welcome to the 2019/20 Skating Season!

We are excited to announce that the 2019/20 skating season is here! Are you excited as we are for a fantastic year of fun, drills, and lasting friendship? The 2018/19 skating season ended with one of our own skaters competing at the Skate Ontario Provincial Championships and MFSC was recognized as Advanced Standard in Skate Ontario [CanSkate Excellence Recognition Program](#) and we believe that this year will be even better. Are you ready?

### Club News:

Registration is now open for our **Fall/Winter** season.

Our qualified and trained professional coaches play an important role in the operations of our program. They facilitate the growth of skating skills, ice dance, free skate and interpretive skating and MFSC is lucky to work with them. Please join us in welcoming them back to our 2019/20 Skating season.

Congratulations to Leanne Pilon on assuming the role of the Technical Director. Leanne is a NCCP National Certified Coach and has 25+ years coaching experience in Canskate, STARSkate, Competitive Skate and mentoring young coaches. MFSC appreciate all of her hard work and look forward working with Leanne in her role.

The MFSC would also like to welcome the board members to another season. Without the dedication, time and support from our volunteers, the success of the club events and programs would not be possible. If you would like to volunteer with us, please speak to one of the board members. We always welcome more fundraising ideas!

Fall 2019 **CanSkate Power** Program is open for registration.

Do you know anyone who plays ringette or hockey? Our CanSkate Power program begins right away so that skaters are ready for their upcoming season. Registration is always ongoing with session fees prorated and we are happy to welcome those hockey and ringette players to the program!

## Congratulations

MFSC would like to congratulate Thalia on completing her final gold test this summer. This makes Thalia a Quadruple Gold Skater.
